Funding Process: Frequently Asked Questions

Q. How do I get started?

A. To check your eligibility for resources or funding sources to cover your requested assistive technology need we may ask you to complete the Multi-Agency **Service and Device (S&D) Application** (see Funding page). The S&D application allows the ATP Resource Coordinator to identify funding resources that may be able to cover the request.

Q. How long will this process take?

A. ATP works together with agencies listed on the S&D and some agencies will allow us to confidentially release the S&D for their specific agency review. The entire process has no definite time frame but you should receive contact by mail or phone within 2 weeks (14 days) of receipt of your application to discuss decision and/or next steps.

Q. What kind of information will I need to provide?

A. The five-page S&D application should be completed with information on the person who is requesting assistive technology. This may include but is not limited to:
- *Income verification
- *Veteran status
- *Estimated costs of items
- * Referring agency, and person(s) that information can be release to

Q. How long is the S&D application valid?

A. Once the S&D is signed, it is valid for one year.
