

TECHNOLOGY BENEFITS

FOR INFANTS & TODDLERS

YOUR CHILD'S FIRST YEARS ARE A CRITICAL TIME OF DISCOVERY AND GROWTH

Infants and toddlers experiencing delays in communication, cognition, or social or motor development may benefit from technology to improve:

- Social skills
- Ability to communicate
- Attention span
- Fine and gross motor skills
- Self confidence and independence

ATP IS DEDICATED TO HELPING YOU
FIND THE APPROPRIATE
ASSISTIVE **TECHNOLOGY**

**ASSISTIVE TECHNOLOGY PROVIDES
EXPERIENCES THAT CREATE STRON-
GER PATHWAYS FOR LEARNING**

For children who need help with activities such as mealtime, bath time, or bedtime, assistive technology may enable the young child to be more independent and actively participate in daily routines.

ASSISTIVE TECHNOLOGY SERVICES

- Training on development and technology services for young children, their families, and professionals
- Individualized guidance on selecting appropriate technology to meet a child's needs
- Demonstration and loans of assistive technology and recycled equipment
